Via email: voicefortransit@gmail.com

Dear Members of A Voice for Transit,

RE: Discuss co-fare with TTC at December 2, 2021 Board meeting

Thank you for your email dated December 1, and for your advocacy for better transit and fare integration.

At Metrolinx, we understand the importance of fare integration, which is why we are continually working to better integrate fares between transit operators. By reducing barriers between different transit operators, we build a more integrated network that is easier and more convenient for residents, including students and recent graduates.

Metrolinx is working with the Ministry of Transportation, the TTC and other municipal partners to better integrate transit fare systems across the region. While there is nothing to announce at the moment, these conversations are active and ongoing, and we are continuously exploring opportunities to reduce fare barriers between systems.

Sincerely,

A handwritten signature in black ink that reads "Donald A. Wright".
